Yes

Would require organisation from the recipients.

Q12. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Unsure

Please explain the reasons for your response:

I worked in schools for 41 years and never found this an issue but I accept it was expensive each month. Teachers and the office always provided for those in need and Tampax gave us lots of free samples as long as we let them into speak to the pupils. Their talks from qualified nurses were excellent.
